Rethinking AIDS

Adams, Jad (1989). *AIDS: The HIV Myth*. MacMillan, London, England

Bauer, Henry H. (2007). *The Origin, Persistence, and Failing of HIV/AIDS Theory*. McFarland, Jefferson, North Carolina

Cantwell, Alan Jr., M.D. (1988). *AIDS and the Doctors of Death: An Inquiry into the Origin of the AIDS Epidemic*. Aries Rising Press, Los Angeles

Ellison, Bryan J. & Duesberg, Peter H. (1994). *Why We Will Never Win the War on AIDS*. Inside Story, El Cerrito, California

Duesberg, Peter H. (1996). *Inventing the AIDS Virus*. Regnery Press, Washington, D.C.

Fumento, Michael (1993). *The Myth of Heterosexual AIDS*. Basic Books, Re-printed with updates Regnery Press, Washington, D.C.

Grmek, Mirko D. (1990). *History of AIDS: Emergence and Origin of a Modern Pandemic*. Princeton University Press, Princeton, New Jersey

Hodgkinson, Neville (1996). *AIDS: The Failure of Contemporary Science*. Fourth Estate Limited, London, U.K.

McBride, David (1991). *From TB to AIDS*. State University of New York, Albany, NY

Root-Bernstein, Robert (1993). *Rethinking AIDS*. The Free Press, New York, NY

Lauritsen, John (1990). *Poison by Prescription: The AZT Story*. Asklepios, New York, NY

Siegel, Larry, M.D. (1988). *AIDS and Substance Abuse*. Harrington Park Press, Binghampton, NY

*

Monographs on Syphilis

Stokes, J.H. *Modern Clinical Syphilology*. 1st Ed. 1926, 2nd Ed. 1936, 3rd Ed. 1944. WB Saunders, Philadelphia, PA & London, U.K.

Thomas, Evan W., M.D. (1949). *Syphilis: Its Course and Management*. The Macmillan Company. New York, NY

Chesney, Alan M., M.D. (1927). *Immunity in Syphilis*. The Williams & Wilkins Company. Baltimore, MD

Brown, Wade H., M.D. & Pearce, Louise M.D. (1920). *Experimental Syphilis in the Rabbit* Re-print from *The Journal of Experimental Medicine*, Johns Hopkins, Baltimore, MD

Guszman & Engel (1928). *A Syphilis*. Franklin-Tarsulat. Budapest, Hungary

Syphilis Dept., Johns Hopkins Hospital. (1926). *Collected Reprints*. Baltimore, MD

U.S. Dept. of Health Education and Welfare. (1967). *Syphilis: A Synopsis*. U.S. Government Printing Office, Washington, D.C.

Dennie, Charles C., M.D. (1928). *Syphilis: Acquired and Heredосyphilis*. Harper Medical Monographs, New York & London, U.K.

Harrison, L.W., D.S.O., M.B. (1925). *Modern Diagnosis and Treatment of Syphilis, Chancroid and Gonorrhea*. McClelland & Stewart, Toronto, ON

Butler, Charles S., M.D., LL.D (1936). *Syphilis Sive Morbus Humanus*. The Science Press Printing Company, Lancaster, PA

Coulter, Harris L. (1990). *AIDS and Syphilis: The Hidden Link*. B.Jain Publishers Ltd., New Delhi. 1st Ed. Published in 1987 by North Atlantic Books, Berkeley, CA

Mitchell, Robert Ben (1990). *Syphilis as AIDS*. Banned Books, Austin, TX

Moore, J. Earle, M.D. (1946). *Penicillin in Syphilis*. The Ryerson Press, Toronto, ON

Moore, J. Earle, M.D. (1947). *The Modern Treatment of Syphilis*, 2nd Ed. The Ryerson Press, Toronto, ON

Cassel, Jay, PhD. (1987). *The Secret Plague: Venereal Disease in Canada 1838-1939*. University of Toronto Press, Toronto, ON

Quétel, Claude (1986). *History of Syphilis*. English Edition 1990. JHU Press, Baltimore, MD

Gjestland, Trygve, M.D. (1955). *The Oslo Study of Untreated Syphilis*. Akademisk Forlag, Oslo, Norway

Willcox, R.R., M.D. (1964). *Textbook of Venereal Diseases and Treponematoses*. 2nd Ed. Heinemann Medical, London, U.K.

Olansky & Thomas. (1961). *Syphilis: Modern Diagnosis and Treatment*. U.S. Department of Health, Education, and Welfare. Washington, D.C.

Strickler, Albert, M.D. (1927). *Diseases of the Skin and Syphilis*. F.A. Davis Company, Philadelphia, PA

Morton, Henry, M.D. (1924). *Genitourinary Diseases and Syphilis, 5th and final Edition*. Physicians and Surgeons Book Company, New York City, NY

Kolmer, J.A., M.D. (1928). *Serum Diagnosis by Complement-Fixation*. Lea & Febiger, Philadelphia, PA

Keyes, Edward L., M.D. (1908). *Syphilis: A Treatise for Practitioners*. Appleton & Company, New York, NY, and London, U.K.

Dermatological Research Laboratories (1939). *The Treatment of Syphilis: A Compendium*. Abbott Laboratories, Chicago, IL

Syphilis: Suggestions on Technique and Schedules of Treatment with Neosalvarsan. (Meeting handout – year of publication likely in the late 1930s). Winthrop Chemical Company, Windsor, ON

Meyer, Daniel Oscar, M.D. (1952). *That Degenerate Spirochete*. Vintage Books, New York City, NY

Van der Sluis, Isaac (1969). *The Treponematoses of Tahiti*. Drukkerij PECO, Amsterdam, NL

Hudson, Ellis Herndon, M.D. (1958). *Non-Venereal Syphilis: A Sociological and Medical Study of Bejel*. E. & S. Livingstone Ltd., Edinburgh, U.K.

Ehrlich, Paul & Hata S. (1911). *The Experimental Chemotherapy of Spirillooses*. Rebman Company, New York City, NY

Hinton, William Augustus, M.D. (1936). *Syphilis and its Treatment*. Macmillan & Company, New York City, NY

McIntosh, James, M.D. & Fildes, Paul, M.B. (1911). *Syphilis: from the Modern Standpoint*. Edward Arnold, New York & London, U.K.

Sulzberger, Marion, M.D. & Baer, Rudolph, M.D. (1953-1954). *The Year Book of Dermatology and Syphilology*. The Year Book Publishers, Chicago, IL

Jeans, Philip, M.D. & Cooke, Jean, M.D. (1930). *Prepubescent Syphilis*. Appleton & Company, New York & London, U.K.

Kelsey, Charles, M.D. (1882). *Diseases of the Rectum and Anus*. William Wood & Company, New York City, NY

U.S. Department of Health, Education & Welfare. (1962). *World Forum on Syphilis and other Treponematoses*. United States Public Health Service, Atlanta, GA

Jones, James H. (1993). *Bad Blood: The Tuskegee Syphilis Experiment*. Maxwell Macmillan Canada, Inc., Don Mills, ON

Dattner, Bernhard, M.D., Jur.D. (1944). *The Management of Neurosyphilis*. Grune & Stratton, New York City, NY

Cleugh, James. *Secret Enemy: The Story of a Disease*. (Date of Publication approx. 1955). Thomas Yoseloff, New York City, NY

Hudson, Ellis Herndon, M.D. (1945). *Treponematoses* – Chapter 17. Oxford Medicine, U.S. Navy Department, New York City, NY

*

Collected Works (multiple authors) on Venereal Diseases with an emphasis on Syphilis

Sun, Tsieh, M.D. (1986). *Sexually Related Infectious Diseases: Clinical and Laboratory Aspects*. Field, Rich & Associates, New York City, NY

Morton, R.S., M.D. (1966). *Venereal Diseases*. Penguin Books Ltd., Middlesex, U.K.

Morton, R.S., M.D. & Harris, J.R.W., M.D. (1975). *Recent Advances in Sexually Transmitted Diseases*. Churchill Livingstone, Edinburgh, London, and New York, NY

Lukehart, Sheila A., PhD, & Radolf, Justin D., M.D. (2006). *Pathogenic Treponema: Molecular and Cellular Biology*. Caister Academic Press, Norfolk, U.K.

McDonagh, J.E.R., F.R.C.S., (1920). *Venereal Diseases: Their Clinical Aspect and Treatment*. Heinemann Medical Books, London, U.K.

Schouls, L.M. (1991). *Molecular Characterization of Treponema pallidum Protein Antigens*. R.I.V.M. Bilthoven, The Netherlands

Young, Hugh, M.D. & McMillan, Alexander, M.D. (1988). *Immunological Diagnosis of Sexually Transmitted Diseases*. Marcel Dekker, Inc., New York City, NY

Musher, Daniel, M.D., & Schell, Ronald, M.D. (1983). *Pathogenesis and Immunology of Treponemal Infection*. Marcel Dekker, Inc., New York City, NY

Wentworth, Bertina B., PhD, & Judson, Franklyn N., M.D. (1984). *Laboratory Methods for the Diagnosis of Sexually Transmitted Diseases*. The American Public Health Association, Washington, D.C.

Ostrow, David G., M.D., Sandholzer, Terry Alan, & Felman, Yehudi M., M.D. (1983). *Sexually Transmitted Diseases in Homosexual Men*. Plenum Publishing, New York City, NY

Harris, J.R.W., M.B., & Forster, S.M., MRCP. (1991). *Recent Advances in Sexually Transmitted Diseases and AIDS*. Churchill Livingstone, Edinburgh, London, and New York, NY

Mudd, Stuart, M.D. (1970). *Infectious Agents and Host Reactions*. W.B. Saunders Company, Philadelphia, London, & Toronto, ON

*

Books about the History of Tuberculosis

Canetti, Georges, M.D. (1955). *The Tubercle Bacillus in the Pulmonary Lesion of Man*. Springer Publishing, New York City, NY

Von Niemeyer, Felix, M.D. (1870). *Clinical Lectures on Pulmonary Consumption*. The New Sydenham Society, London, U.K.

Hayes, Edward W., M.D. (1943). *Tuberculosis as it comes and goes*. Self-published.

Lord, Frederick Taylor, M.D. (1929). *Pneumonia*. Harvard University Press, Cambridge, MA

Chadwick & Pope. (1946). *The Modern Attack on Tuberculosis*. Oxford University Press & The Commonwealth Fund, New York City, NY

Pinner, Max, M.D. (1945). *Pulmonary Tuberculosis in the Adult*. Charles C. Thomas, Publisher, Springfield, Illinois

Ed. Friedman, Lloyd N., M.D. (1994). *Tuberculosis: Current Concepts and Treatment*. Critical Reviews CRC Press, Boca Raton, FL

Ed. Moulton Ray, Forest. (1938). *Tuberculosis and Leprosy: The Mycobacterial Diseases*. The Science Press Printing Company, Lancaster, PA

Eds. Bendinelli, Mauro & Friedman, Herman. (1988). *Mycobacterium tuberculosis: Interactions with the Immune System*. Plenum Press, New York City, NY

Eds. Cameron & Long. (1959). National Tuberculosis Association. *Tuberculosis Medical Research*, New York City, NY

Myers, J. Arthur, M.D. (1949). *Invited and Conquered*. Webb Publishing, St. Paul, MN

Ed. Dubos, René, J., PhD. (1952). *Bacterial and Mycotic Infections of Man*. J.B. Lippincott Company, Philadelphia, PA

Rich, Arnold, M.D. (1951). *The Pathogenesis of Tuberculosis*. Charles C. Thomas, Springfield, Illinois

*

Mainstream Medical Textbooks with Comments on Syphilis & Tuberculosis / Opportunistic Infections

Harrison, T.R. (1954). *Principles of Internal Medicine*, 2nd Ed. The Blakiston Company, Inc., Toronto, ON

Ed. Wintrobe, Maxwell, M.D. (1974). *Harrison's Principles of Internal Medicine*, 7th Ed. McGraw-Hill Book Company, Toronto, ON

Bell, E.T., M.D. (1947). *A Textbook of Pathology*, 6th Ed. Lea & Febiger, Philadelphia, PA

*

Mainstream Medical Textbooks with a Focus on Immunology & The History of Medicine

Silverstein, Arthur M. *A History of Immunology*. 1st Edition (1989). 2nd Edition (2009). Academic Press, Inc. Toronto, ON

Lockey, Richard, M.D. & Bukantz, Samuel, M.D. (1987). *Fundamentals of Immunology and Allergy*. W.B. Saunders Company, Philadelphia, PA

Leffell, Mary, PhD., Donnenberg, Albert, PhD., & Rose, Noel, M.D., PhD. (1997). *Handbook of Human Immunology*. CRC Press, New York City, NY

*

Books, Collections & Monographs of General Interest in the History of Medicine

McNeill, William H. (1976). *Plagues and Peoples*. Bantam Doubleday Dell, New York City, NY

Burnet, Macfarlane, M.D. & White, David. (1972). *Natural History of Infectious Disease, 4th Edition*. Cambridge University Press, New York, NY

Keyl, Anne, M.D. (1972). *VD: The People to People Diseases*. House of Anansi Press, Ltd., Toronto, ON

Eds. Verano, John W. & Ubelaker, Douglas H. (1992). *Disease and Demography in the Americas*. Paleopathology in the Americas. Smithsonian Institution Press, Washington, D.C.

Mackie, Rona M. (1997). *Clinical Dermatology, 4th Edition*. Oxford Medical Publications, Oxford, U.K.

Mattman, Lida H. PhD. (1993). *Cell Wall Deficient Forms, 2nd Edition*. CRC Press, Boca Raton, FL

Preston, Samuel H. & Haines, Michael R. (1991). *Fatal Years: Child Mortality in Late 19th Century America*. Princeton University Press, Princeton, NJ

Fleck, Ludwik, M.D. (1935). *Genesis and Development of a Scientific Fact*. Reprinted in English, 1979. Benno Schwabe, Basel, Switzerland

Nikiforuk, Andrew (1991). *The Fourth Horseman: A Short History of Epidemics, Plagues, Famine and Other Scourges*. Viking Press, Toronto, ON

Brandt, Allan M. (1985). *No Magic Bullet: A Social History of Venereal Disease in the United States since 1880*. Oxford University Press, New York, NY

Bliss, Michael, PhD. (1991). *Plague: A Story of Smallpox in Montreal*. Harper Collins, Toronto, ON

Kozo-Polyansky, Boris. (2010). *Symbiogenesis: A New Principle of Evolution*. Harvard University Press, Cambridge, MA

Montagnier, Luc. (2000). *Virus*. W.W. Norton & Company, New York City, NY. Signed copy.

Goudsmit, Jaap, M.D. (1997). *Viral Sex: The Nature of AIDS*. Oxford University Press, New York City, NY

Lang, Denise & DeSilva, Derrick, M.D. (1993). *Coping with Lyme Disease: A Practical Guide to Dealing with Diagnosis and Treatment*. Henry Holt & Company, New York City, NY

Penneys, Neal S., M.D., PhD. (1990). *Skin Manifestations of AIDS*. J.B. Lippincott Company, New York City, NY

*

Medical Journals

Articles from the *American Journal of Syphilis*, 1947-1954:

The Problem of Reinoculation of Human Beings with Spirochaeta Pallida: A Review of the Literature. Beerman, H., M.D. Vol. 30, 173-192

The Present Status of Immunity and Allergy in Syphilis. Urbach, E., M.D., Beerman, H., M.D. Vol. 31, 192-215

Reinfection in Experimental Syphilis in Rabbits Following Penicillin Therapy. Part 1, Arnold, R.C., M.D., Mahoney, J.F., M.D. Vol. 31, 264-267

Reinfection in Experimental Syphilis in Rabbits Following Penicillin Therapy. Part 2, Arnold, R.C., M.D., Mahoney, J.F., Vol. 31, 489-492

The Rate of Development and Degree of Acquired Immunity in Experimental Syphilis. Magnuson, H.J., M.D., Rosenau, B.J., MPH., Vol. 32, 418-436

The Rate of Multiplication of Treponema Pallidum in Normal and Immune Rabbits. Cumberland, M.C., Sc.D, Turner, T.B., M.D., Vol. 33, 201-212

The Duration of Acquired Immunity in Experimental Syphilis. Magnuson, H.J., M.D., Rosenau, B.J., MPH., Vol. 31, 297-302

Reinfection in Syphilis. Peabody, G.E., M.D., Vol. 33, 334-356

Studies on Treponemal Immobilizing Antibodies in Syphilis. Nelson, R.A., Jr., M.D., Vol. 34, 101-121

Studies on the Life Cycles of Spirochetes. DeLamater, E.D., M.D., PhD., Vol. 34, 122-125

Report of 726 Patients Who Were Re-treated Following Penicillin Therapy for Early Syphilis. Thomas, Evan W., M.D., Bellevue Hospital, NYC., Vol. 34, 126-143

The Effect of Partial Immunity on the Dissemination of Infection in Experimental Syphilis. Waring, G.W. Jr., M.D., Vol. 36, 368-375

The Practicability of the Treponema Pallidum Immobilization (TPI) Test on a Service-Wise Basis in the U.S. Navy. Ledbetter, R.K., MSC, USN. Vol. 38, 522-526

Factors Leading to Development of Late Manifestations of Syphilis. Thomas, Evan W., M.D., Bellevue Hospital, NYC. Vol. 38, 531-553

Diagnostic Tests in the Differential Diagnosis of Anogenital Lesions. Packer, Henry, M.D. Vol. 31 (1) 69-80

Transmission of Experimental Syphilis from Mouse to Mouse – Absence of Spirochaeta Pallida and of Pathologic Changes in Presence of Successful Inoculation. Wile, Udo J., M.D. Vol. 31 (2) 109-114

Seroresistance Following Treatment of Secondary Syphilis. Thomas, Evan W., M.D., Bellevue Hospital, Vol. 36 (4) 319-331

Treponema Pallidum Buds, Granules, and Cysts as Found in Human Syphilitic Chancres and Seen in Fixed Unstained Smears Observed Under Dark-Ground Field Illumination. Waldemar E., M.D., Vol. 37 (1) 29-36

The Passing of the American Journal of Syphilis. Moore, J.E., M.D. (1954). Vol. 38, 487-488

*

Articles from *The Quarterly Review of Dermatology & Syphilology*, 1946–1948:

A Survey of Fungous Diseases in Great Britain: Results from the First 18 Months. Duncan, J.T., Public Health Labs, Winchester, U.K., Vol. 1, No. 1, Pg. 17

The Synergistic Action of Penicillin and Mapharsen in the Treatment of Experimental Syphilis. Eagle, Harry, M.D., Magnuson, H.J., M.D., Johns Hopkins, Baltimore, Vol. 1. No. 2, Pg. 215

Systemic Infection due to Torula Histolytica (C. neoformans). Voyles, Glenn Q., Beck, Evart, M. Vol. 1, No. 3, 258-259

A Study of 100 Cases with a Positive Coccidioidin Skin Test. Clark, Dumont, USMC, Gilmore, John H., USMC. Vol. 1, No. 3, 257-258

Herpes Zoster Ophthalmicus. Donahue, H.C. Vol. 1, No. 4, 364-365

Leukoplakia of the Palate. Cummer, C.L., Vol. 2, No. 1, Pg. 40

Tumors of the Skin II: A Review of the Literature. Kaposi's Sarcoma is described in detail. Beerman, Herman, M.D. Vol. 2, No. 1, 40-41

Actinomycosis Due to Nocardia Asteroides: Report of Two Cases. Kirby, William M.M., M.D. Of 32 cases reported to the Author, 28 had died. Vol. 2, No. 2, 181-182

Clinical and Roentgenologic Aspects of C. immitis. 77 Hospitalized cases. Sweigert, C.F., USMC, Vol. 2, No. 2, 183-184

Chronic Latent Oral Moniliasis (Thrush). Robinson, Saul S., UCLA. Vol. 2, No. 2, 184

C. immitis: A Study of 95 Cases of the Disseminated Type with Special Reference to the Pathogenesis of the Disease. Forbus, W.D., Bestebreurtje, A.M., Duke University, Mil. Surgeon, (99) 653-719, November 1946

Note: Vol. 2, No. 2, June 1947 is of particular interest regarding AIDS cases.

Systemic Infection with C. neoformans and H. capsulatum in the Same Patient. Mider, G.B., University of Virginia, School of Medicine. *Arch. Path.* (43) 102-110, January 1947

Fungus Diseases Encountered in General Hospital Practice. Smith, David T., Duke University, *Am. J. Med.* (2) 594-608, June 1947. Many fatal cases of systemic Fungi.

Visceral Kaposi's Disease. Tedeschi, C.G., M.D. Framingham, MA. 3 fatal cases. Vol. 2, No. 4, Pg. 465

Note: The Quarterly Review of Dermatology & Syphilology contains hundreds of AIDS cases; far too many to list.

*

Articles from *The New England Journal of Medicine*, 1991-1997:

Vol. 326, No. 6, Pgs. 373-379, 380-385, 386-392, 393-398, with Editorial by Dr. Anthony Fauci, Pgs. 429-430: *CD4 + T-Lymphopenia without HIV Infection – No Lights, No Camera, Just Facts*

Relation of the Course of HIV Infection in Children to the Severity of the Disease in Their Mothers at Delivery. Blanche, Stéphane, M.D. Vol. 330 (5) 308-312

A Randomized Trial of Enhanced Therapy for Early Syphilis in Patients with and without HIV. Rolfs, R.T., M.D. et. al. Vol. 337, (5) 307-314

A Controlled Trial of Isoniazid in Persons with Anergy and HIV Infection Who Are at High Risk for Tuberculosis. Gordin, F.M., M.D., Georgetown University, VA Affairs. Vol. 337 (5) 315-320

*

2 Articles from *The Journal of Infectious Diseases*

Vol. 179 (3), March 1999:

Pgs. 538-547, McGill University, Montréal

Pgs. 548-557 Fred Hutch Cancer Centre, Seattle, Washington

Note regarding the above: These two papers explain natural immunity to HIV. Dozens of authors have written on natural immunity to HIV in repeatedly exposed people outside of the traditional risk group (mostly homosexual men).

*

Some Correspondence and Ephemera from John Scythes's Personal Papers

Letter from Peter Duesberg, Professor of Medicine, University of California, Berkeley, to John Scythes, sent from U.C. Berkeley on December 17th, 1991

E-mail from John Scythes to Dr. Christina Marra, Harborview Medical Centre, Seattle, outlining how BPG works in neurosyphilis and in immunologically privileged sites, sent from 32 Beaty Ave. on January 24th, 2005

Letter from John Scythes to Dr. Christina Marra, explaining concerns about immunity & syphilis with respect to the inoculation studies pre-1970 in the syphilis field, August 13th, 1992

Abstract for a presentation on Cell-mediated Immunity (CMI) in Syphilis in the Context of HIV Infection as sent to MMWR in Atlanta, June 22nd, 1992

Letter from J.M. Wilkinson, M.D. at the Wellcome Trust in London, U.K. to John Scythes offering help in the choice of monoclonal antibodies to tag Rabbit CD4 & CD8 lymphocytes, May 11th, 1993

E-mail from John Scythes to Sean Hosein, Director of CATIE in Toronto, discussing reviews of neurosyphilis in patients in the Seattle area, with specific emphasis on the April 2004 paper in the Journal of *Clinical Infectious Diseases*, lead author: Dr. Christina Marra, March 19th, 2004

E-mail from John Scythes to the Maple Leaf Medical Clinic, attn: Dean Roberts & Dr. David Alan Tilley explaining the concept that syphilis PCR could be done in Toronto based on projects conducted in Budapest in previous years, April 24th, 2003

E-mail to Colman Jones & John Scythes from Dr. Philip Berger outlining why syphilis PCR did not go ahead in Toronto, November 20th, 2003

Letter from John Scythes to Dr. Irv Salit explaining better syphilis tests being developed by Bob Notenboom at Phoenix Biotech in Mississauga, November 6th, 1998

Letter from John Scythes to Dr. Alexei Gromyko, Regional WHO office for Europe, thanking Dr. Gromyko for his time (2 hour meeting in Copenhagen) reviewing the diagnosis of syphilis in HIV infection

Letter from John Scythes to Dr. James Bingham, President of the IUSTI, reviewing the possibility of PCR for syphilis in AIDS cases and covering the development of recent immunological tests for syphilis based on recombinant antigens, August 6th, 2003

Letter from John Scythes to Jay Cassel, a Canadian syphilis researcher of considerable repute, outlining recent observations on syphilis prevalence in the Toronto gay male community – problems with treatment & diagnosis, March 26th, 2002

Letter from John Scythes to Dr. Neal denHollander of the OPHL on Resources Rd., to provide control bleedings for Dr. denHollander's syphilis screening projects, May 2nd, 2005

E-mail from John Scythes on April 13th, 2004, to the Centers for Disease Control outlining material about preliminary syphilis PCR as presented in Ottawa at the ISSTD 2003 meeting

6-page Handout on the Top 100 AIDS Science Inconsistencies, created by John Scythes and Colman Jones, November 2003

Letter from John Scythes to Dr. Luc Montagnier, Institute Pasteur, Rue de Doctor Roux, Paris, following John's first meeting with Dr. Montagnier in Singapore at the 1995 IUVDT. John explains some problems with syphilis management and outlines his meetings at the Institute Fournier in Paris, April 5th, 1995

Correspondence from John Scythes & Colman Jones to President Mbeki, acknowledged by the South African Ministry of Health, explaining shortcomings in syphilis management and the treatment of AIDS, and problems with basic HIV science, March 10th, 2000

Letter from Dr. Evelyn Wallace, Senior Medical Consultant / AIDS Coordinator for Ontario's Ministry of Health, to John Scythes thanking him for his work at the San Francisco AIDS meeting in 1990, October 9th, 1990

Letter to John Scythes from Roger Johnson, M.D., at the AIDS Section, Public Health Branch on Overlea Blvd., thanking him for information regarding syphilis serology in HIV (+) individuals, August 12th, 1988

Posterboard Presentation for the 12th International Conference on Lyme Disease, full paper, 20 pages, given as a handout at the meeting, April 9th-10th, 1999, New York City, NY

This Bibliography contains approximately 20 per cent of the total material the TBSRG has in correspondence, with an emphasis on patient advocacy for people living with HIV. The considerable contributions of Colman Jones in North American media are available on his personal website.
